

Summer 2019 Horse Clinics

Each of our clinics are taught by qualified instructors and are sure to be challenging to riders of any skill or experience level. Our desire is to provide equine companionship and professionally designed riding programs for physical, emotional, and spiritual growth.

As students participate, they will not only be challenged in their own horsemanship abilities, but also in their personal walk with God. Throughout each clinic, participants will also encounter Biblical truths that can be applied to their lives beyond their clinic experience through horseback riding, general horse care activities, and games. TVEC is a 501(c)(3) non-profit organization.
